The screenshot shows the Astah website's 'Free Student License Options' page. The page has a navigation menu with links for 'About', 'Who We Serve', 'Products', 'Pricing', 'Support', and 'Downloads'. The main content area is titled 'Free Student License Options' and contains the following text:

Students who have an academic email address are eligible to receive a **FREE license** for Astah UML. This is for a single student's personal use only. Instructors and teachers should purchase an [academic license](#).

We no longer accept any applications with attachment files. Unfortunately, this change had to be made due to a high number of dishonest applications. Please ask your teacher to [purchase a site-wide license](#).
